

North West Anglia
NHS Foundation Trust

Change of provider to services

From 1 September, North West Anglia NHS Foundation Trust will be the new providers of the radiology services at Princess of Wales, Ely and Doddington, previously run by Cambridgeshire and Peterborough NHS Foundation Trust (CPFT).

Please be assured that as a patient, you will not see any changes to services or the high quality of patient care provided.

However, you may notice changes on your appointment letters and any hospital correspondence.

If you have any further questions, please contact the outpatient clinic manager in the first instance.
