

The following courses are available to book through the RCGP East Anglia website,
www.rcgp.org.uk/eastanglia

Ophthalmology: Enhancing Skills for Primary Care

Wednesday 6 December 2017

Rowley Mile Conference Centre, Newmarket

08:30 – 17:00

Fees

RCGP Members £190

Non members £215

AiTs/Nurses £140

This practical 1 day workshop is convened by Dr Andrew Partner, GP with a Special Interest in Ophthalmology and Ms Stella Hornby, Ophthalmology Consultant and is focused towards GPs, ST3s, Opticians and Primary Care Nurse Practitioners.

The emphasis is on practical teaching: how to get the most out of your ophthalmoscope, pupil examination and visual fields.

Joint and Soft Tissue Injection Course

Thursday 18 January 2018

John Innes Conference Centre, Norwich

09:30 – 16:30

Fees

RCGP Members £220

Non members £270

AiTs/Nurses £200

A one day course on Joint and Soft tissue Injection for General Practitioners (with clinical assessment & conservative management). Reduce your Referrals to Secondary Care.

This course expands on the “fire and forget” content of the original RCGP injection module in the minor surgery course by involving the delegates in joint assessment techniques and examining the evidence behind joint and soft tissue injections.

KNOWLEDGE:

- A guide through the published evidence on what, when, who and how to inject.

SKILLS:

- Clinical examination techniques for a 10 minute consultation.
- Injection Technique with mannequins (shoulder, elbow, hand/wrist and knee).

Programme Directors:

- Dr Soon Lim FRCGP; Education Lead of the Association of Surgeons in Primary Care

Child and Adolescent Health Study Day

Wednesday 31 January 2018

Holiday Inn, Cambridge

09:30 – 16:00

Fees

RCGP Members £150

Non members £175

AiTs/Nurses £150

Children are a significant part of a GP's clinical practice and require a different approach from adults. This study day is aimed at clinicians who work in Primary Care, including General Practitioners, Trainees and Advanced Nurse Practitioners and will cover topics including making paediatrics a child centred experience, hypermobility and childhood arthritis, the differential diagnosis of fits, faints and funny turns and the interdisciplinary needs of children with brain injuries.

Other topics include and are subject to change:

- managing cows milk protein intolerance
- innocent murmurs and clinical features/symptoms
- recurrent urinary tract infections in children-investigations & monitoring
- managing adolescent diabetes in the community
- the differential diagnosis of fits, faints and funny turns
- adolescent depression and anxiety
- management and monitoring childhood asthma

Dermoscopy for Beginners in association with PCDS

Wednesday 7 February 2018

Holiday Inn, Cambridge

09:30 – 16:00

Fees

RCGP Members £170

Non members £190

AiTs/Nurses £150

This one day introductory course run in association with the PCDS and is suitable for those with little or no previous knowledge as well as those for whom the early stages require reinforcement and reassurance.

This course is aimed at GPs and VTS registrars primarily but would also be appropriate for specialist nurses involved in skin care. Indeed anyone involved in examining and advising patients about their skin lesions would benefit.
