

Dear Colleague,

We would like you to join us for our next East Accord event on Wednesday 19th September, 10am – 4pm at the Hallmark Hotel, Bar Hill, Cambridge CB23 8EU

The East Accord is a concept of collaborative working spanning the 'partnership of STP / ICSs across the East of England' with an aspirational goal of a mature digital economy across health and social care in order to reduce the inefficiencies and improve patient experience.

Following the launch of the East Accord earlier in the year, where around 100 leaders from across the East came together to discuss what we might achieve by this approach, the energy, enthusiasm behind the Accord has really grown. Digital leaders across the 6 STPs / ICSs in the eastern region have now formed the core team behind the Accord, and have been busy bringing local, regional and national together to focus on the challenges and opportunities we all discussed on 30 January.

The team is really keen to share with you this progress – as well as bring to life some fantastic local examples of excellence, emergent thinking and approaches that can support us all in addressing our challenges and priorities

As a key stakeholder and digital expert from within the East footprint we would like you to support this event to enable us, as an East wide health and care community, to further progress the principles, ambitions and benefits of working collaboratively in this way.

The aims of the day are to;

- Provide an overview of the recent progress, agreed priorities, and next steps for the Accord
- Build further our principles of collaboration that enables the sharing of information and knowledge, development of standards and joint dynamic procurement.
- Work together in practical workshops and masterclasses on a variety of high impact and transformational areas
- Further develop our (regional, system, place and neighbourhood) action planning behind digitally enabled transformation

Please forward this invitation onto colleagues interested in digital transformation programmes and to those who may benefit from attending The East Accord event.

To register for this event please click [here](#).

Please contact us if you need further information on wscg.EastAccord@nhs.net.

Many Thanks,

The East Accord Team

The East Accord is a regionwide, whole system collaboration; a network of networks

We are delighted that this event is sponsored by the [Eastern Academic Health Science Network](#), who work across the East of England to promote health service innovation and improvement.
