Dear Colleague

**Update for Cambridgeshire GPs and Professionals ONLY - 0-19 Healthy Child Programme
Contact Details Update**

Over the past year the Cambridgeshire Healthy Child Programme has seen some excellent developments including the introduction of ChatHealth, the School Nursing (5-19) Duty Desk and Health Visiting (0-5) Duty Desks.

I'm delighted to announce that we have made another significant jump forward. As of Monday 17 December 2018 if you need to contact anyone in the 0-19 Cambridgeshire Healthy Child Programme you only need to use one number 0300 029 50 50.

In addition to the central number we now have 2 main offices in the North and South of Cambridgeshire:

North - The Oak Tree Centre, 1 Oak Drive, Huntingdon, Cambridgeshire, PE29 7HN

South - The Peacock Centre, Brookfields Hospital, 351 Mill Road, Cambridge, Cambridgeshire, CB1 3DF

The integration of the School Nursing (5-19) and Health Visiting (0-5) Duty Desks has been carefully planned. All previous telephone numbers have answer machine messages set up directing callers to the central duty desk number.

As part of bringing our Health Visiting (0-5) teams together they now operate as two localities in Cambridgeshire, North and South. The North locality covers Huntingdonshire and Fenland, the South Locality covers East Cambridgeshire, Cambridge City and South Cambridgeshire.

How we deliver the service and what you contact the service for has not changed. Our clinical teams will still be working out of their existing bases in the community, but you now only need to phone one number or use one of the addresses above to contact them.

Please can you update any of your systems with our new contact details. If you have any questions please get in touch.

Yours sincerely

Andrea Graves
