

Bringing ReSPECT into the community, QOF End of Life Care, QI requirements and local service developments

Where: Huntingdon Racecourse
Thrapston Road, Brampton, PE28
4NL

When: Wednesday 10 July 2019
1- 3pm (lunch 12.30pm)

This session will focus on recent important developments in clinical care in the community:

- **Dr Zoe Fritz, Consultant in Acute Medicine at Addenbrooke's hospital** will discuss the forthcoming introduction of the ReSPECT form into the community, which will replace the current DNACPR form.
- **Dr Stephen Barclay, GP and CCG End of Life Care Clinical Lead** will discuss local initiatives that enable practices to achieve the QOF EOLC QI requirements, with other changes to improve our care of patients approaching the end of life.

Who should attend?

Practices are encouraged to send at least one clinician to this session, certificates of attendance for appraisals will be provided.
