HOOP

Housing Options for
Older People
in Cambridgeshire

Have you thought about how well your home suits you as you get older? Perhaps you need somewhere that's easier to manage, cheaper to run and closer to friends and family but need some advice? Moving house sooner rather than later could solve many of the problems you could face in later life - and means you're in control of where you live. Take a look at **HOOP**, a service helping older people to make informed choices about their housing and wellbeing at an early stage - it's free to use and is available now.

Call **FirstStop Advice Line** free:

0800 310 2031

Or use our **Online Housing Tool**:
