Diabetes Clinical Network

East of England Diabetes Clinical Network Practice Nurse & Community Diabetes Specialist Nurse (DSN) Conference

*Thursday 10th October 2019, 09:00 (registration) 09:30 - 16:00
Lecture One, Granta Centre, Granta Park, Cambridge, CB21 6AL*

The East of England Diabetes Clinical Network are pleased to announce the first regional Practice Nurse & Community Diabetes Specialist Nurse (DSN) conference.

This event will focus on the work in the East of England within both primary and community care that is delivering improvements for people with diabetes through integrated working. We will share how diabetes care within general practice is developing, how the regions workforce is looking and the challenges ahead. There will be an opportunity to network over lunch and coffee breaks and visit the market stalls.

A full programme will follow but in the meantime, please save the date in your diary and register to attend the conference by booking via the Multiverse link below.

(for optimum results launch Multiverse via Google Chrome and register for an account first, if you do not already hold one, before booking).

This conference is aimed at Practice Nurses with an interest in diabetes and those wishing to learn more by upskilling, HCAs, Community Diabetes Specialist Nurses (DSN) and diabetes Commissioners.

To book your free place please register at
