Bereavement Support

in Cambridgeshire
and Peterborough

This leaflet lists the main services across the Cambridgeshire and Peterborough area and national organisations that offer support for people who have lost a loved one.

If you feel you need support or advice, it may be helpful to first talk to your GP. They may be able to signpost you to support services. Your place of work or school may also be able to help. Faith communities can also be a source of support for many people.

During the current COVID-19 social distancing measures many of the organisations listed in this leaflet are providing remote and online support, including advice on how to say goodbye when a funeral isn't possible to do in the way you would have wanted.

If you feel that you or a loved one are at immediate risk to themselves or others, please contact your GP, A&E department or call NHS 111. If you are experiencing a mental health crisis call 111 and select option 2 when prompted for the mental health service. You can also access 111 online via www.111.nhs.uk. You can also contact the Samaritans by calling 116 123.
